

Change Pan Assignments for Chef in DMB Portal

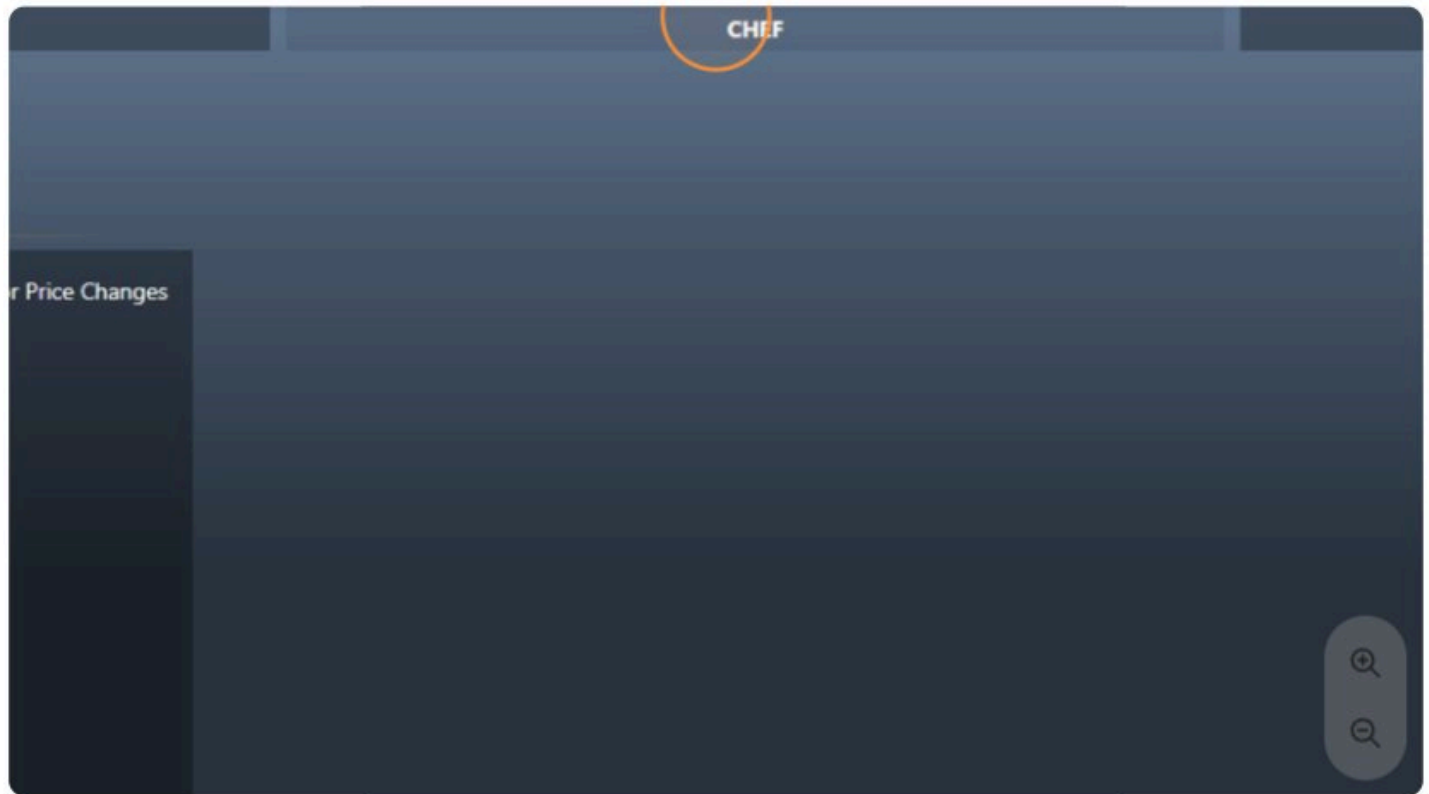

This guide provides step-by-step instructions on how to change pan assignments for Chef. By following these steps, you can easily adjust the pan assignments for different restaurants and dayparts, ensuring efficient menu setup. If you need to make changes to pan assignments in Chef, this guide will help you navigate the necessary steps.

1

Navigate to <https://bkdmb.sicomasp.com/index.php> 

2

Click "CHEF"

3

Click "Set Up Menus"

The screenshot displays the Xenial DMB Portal interface. At the top, the header includes "DMB Portal" on the left and "BK® MM" on the right. Below the header, the "xenial" logo is on the left, and "CHEF" is on the right. The left sidebar contains five menu items: "Account Setup" (with a person icon), "Set Up Menus" (with a menu icon and circled in orange), "Sync changes to restaurants" (with a refresh icon), "Admin Options" (with a wrench icon), and "Support Tools" (with a document icon). The main content area is divided into two sections. The "Urgent News" section features a red banner with the text "US GPLS 01.22.24". The "Additional Documents" section lists several documents, each preceded by a "new!" tag: "Chef Kitchen Management System Reference Guide-en-US", "Xenial Product Documentation 20210316", "1.24.0 Chef Kitchen Management -20200408-en", "Burger King RBI Annual Price Increase", "Burger King RBI One Time Price Increase Email", "C:\fakepath\Recipe File And GPLS Switzerland - 12 2023 (2)", "CANADA Recipe File And GPLS 9.23.2023 (1)", "Chef 1.21.2 Release Notes - 20190418", and "Chef 1.22.0 Release Notes - 20190503". On the far right of the main content area, there is a vertical toolbar with two magnifying glass icons.

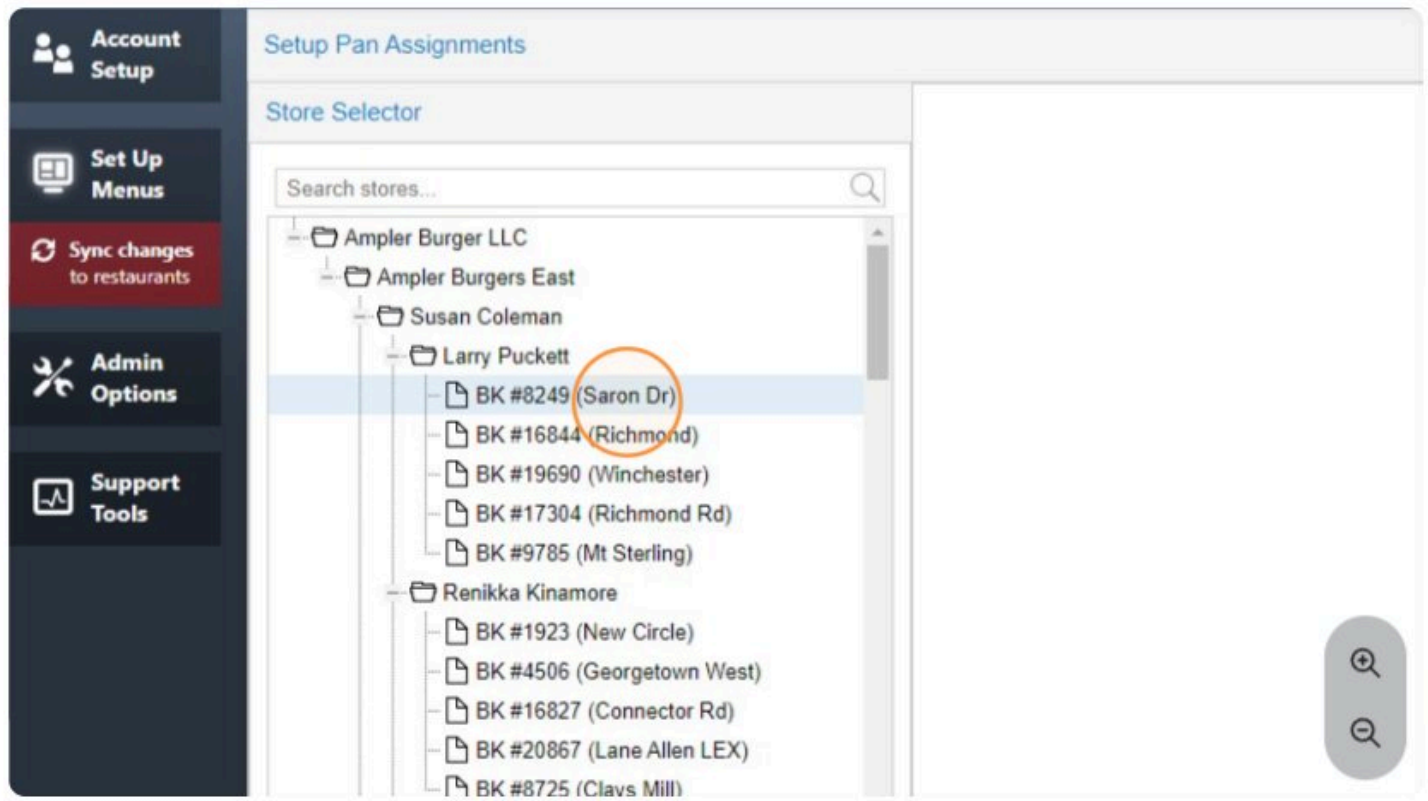

4

Click "Setup Pan
Assignments"

5

Click whichever restaurant you are wanting to adjust. Restaurant accounts will have their restaurant already selected.

6

Click "Select Holding Unit" dropdown box.

The screenshot displays a software interface with a dark blue header bar containing the text "BK® MM" on the left and "CHEF" on the right. Below the header, a light gray bar shows "Store #8249". The main content area features a "Holding Unit:" label followed by a dropdown menu with the text "Select Holding Unit" and a downward arrow icon. This dropdown menu is circled in orange. To the right of the dropdown is a "Copy Settings" button. On the left side, there is a search bar with a magnifying glass icon and a list of items, some of which are partially visible: "id)", "ter)", "d Rd)", "g)", and "v)". On the bottom right, there is a vertical toolbar with two magnifying glass icons, one above the other.

7

Click whichever PHU you are needing to adjust.

Click "Copy Settings"

The screenshot displays the BK MM CHEF interface for Store #8249. At the top, there is a dark blue header with 'BK[®] MM' and an orange header with 'CHEF'. Below the headers, the store number 'Store #8249' is visible. The main interface features a 'Holding Unit' dropdown menu set to 'Fry Station 2x4', with a 'Copy Settings' button circled in orange. Below this, there are tabs for days of the week (Sun, Mon, Tue, Wed, Thu, Fri, Sat) and meal periods (Breakfast, Lunch, Snack, Dinner, Late Night). The 'Lunch' tab is currently selected. The interface shows a grid of food items with dropdown menus and delete icons. The items listed are: Mozzarella Stick, Mozzarella Stick, Fiery Buffalo Nuggets, Chicken Nuggets, Chicken Nuggets, and Chicken Fries. A search icon is visible on the right side of the grid.
