

Managing Products in the Kiosk Admin Portal

This guide provides essential instructions for effectively managing products in the Kiosk Admin Portal, ensuring users can easily mark items as sold out or hidden. It simplifies the process of navigating the portal, searching for products, and updating their status, which is crucial for maintaining accurate inventory. By following these steps, users can enhance their kiosk's functionality and improve customer experience. Overall, this guide is a valuable resource for anyone looking to streamline product management in the kiosk environment.

Overview of the Home Page

The screenshot displays the Kiosk Admin Portal interface. At the top, the header includes the 'KING' logo, the title 'KIOSK ADMIN PORTAL', and user information: 'Logged in as: bk4506sm [Logout]' and 'Language: English'. A left-hand 'MENU' sidebar lists options: HOME, PRODUCT EDITOR (highlighted), COUPON MANAGEMENT, KIOSK ORDERS, DOCUMENTS, KIOSK STATUS, REPORTS, ATTRACT LOOPS, and SETTINGS. The main content area shows a table with columns for Store Name, Store Address, Status, and Action. The first row contains the store ID 'BK-4506', the address '1131 Lexington Road, Georgetown, KY 40324', a status of 'Active', and a list of actions: 'SYNC AVAILABILITY & PRICE', 'FULL MENU SYNC', 'SYNC LOYALTY', and 'KIOSK ACTIONS'. Three red annotations with arrows point to specific elements: 'Kiosk Orders - Gives you the ability to review orders placed on kiosks and reprint receipts if needed' points to 'KIOSK ORDERS'; 'Reports - Shows a summary of the last 7 days of orders' points to 'REPORTS'; and 'Attract Loops - Gives you the ability to manage what is rotating prior to a guest using kiosk. Only use if you are out of the promo' points to 'ATTRACT LOOPS'. A copyright notice 'Copyright © 2023. All rights reserved.' is visible in the bottom left corner.

Kiosk Orders - Gives you the ability to review orders placed on kiosks and reprint receipts if needed

Reports - Shows a summary of the last 7 days of orders

Attract Loops - Gives you the ability to manage what is rotating prior to a guest using kiosk. Only use if you are out of the promo

Status shows you all of the health monitoring of your kiosks. If there is a red error light on top, this will show you specifically if you are out of paper or this kiosk is offline.

Sync Availability and Price - quickly updates any changes you may have made

Full Menu Sync - does an extended sync on kiosks - do not do during rush, because they will be unavailable for approximately 10 minutes
