

Adjust Payrate for Raises in RTI/XBO (Guides for Both)

This guide provides step-by-step instructions on how to adjust pay rates for raises in both RTI and XBO systems. It emphasizes the importance of following the steps accurately to avoid deactivating time card numbers. The guide covers specific actions for each system, including logging in, navigating to the relevant sections, adding new pay rates, deleting old ones, and removing deactivation dates. By following this guide, users can effectively and correctly adjust pay rates for raises in RTI and XBO systems.

- 1 Log in to GM or above account.

The screenshot shows a web application interface. At the top, a dark blue header bar contains the text "Christian Smith" and "Ampler Burgers" in white, with a small white downward arrow to the right. Below the header is a light gray area. In the top right corner of this area, there are two buttons: a white "Cancel" button and a blue "Save" button. The "Save" button is circled in orange. Below these buttons is a horizontal bar with a "History" button, a "Store" button, and a dropdown menu showing "9785 - 809785 - Mt Sterling" with a downward arrow. Below this bar are two tabs: "Default" and "History". Below the tabs is a horizontal bar with a blue square icon, three dots, and a close button (X). Below this bar is a large light gray area. On the right side of this area, there is a vertical gray bar with two magnifying glass icons.
