

Submitting Truck Orders in RTI/XBO

This guide provides step-by-step instructions on how to submit truck orders in RTI/XBO and TRACS. It explains how to navigate the platforms, enter projections, calculate truck orders, and verify and submit the orders. By following this guide, users will be able to efficiently submit their truck orders and ensure accurate inventory management.

1

Click "All Items"

The screenshot shows a software interface with a top navigation bar containing a calendar icon, a 'Status' dropdown menu set to 'Not Placed', and a 'Cancel' button. Below this is a row of action buttons: 'Send Order', 'Print' (with a dropdown arrow), and a blue 'Save' button. A 'View' dropdown menu is open, showing options: 'Unlinked Items with Quantities' (selected), 'All Items' (highlighted with an orange circle), 'Hide Zero-Quantity Items', and 'Unlinked Items with Quantities' (with a checkmark). The main area is a table with columns 'Qty' and 'Cost'. A search bar with a magnifying glass icon is located in the bottom right corner.
