

Generate Reports in Zenput

This guide provides step-by-step instructions on how to access and generate reports in Zenput. It covers both custom reports and form reports, explaining how to export data and filter results. By following this guide, users will be able to efficiently generate and analyze reports in Zenput to track and manage their data effectively.

1

Navigate to <https://rbi.okta.com/login/login.htm> 

2

Click this button.

8

Click any option on the left.

The screenshot displays a software interface with a 'Create a Report' dialog box. The dialog box has a left sidebar with the following options: Forms, Users, Locations, Projects, and Performance. The 'Forms' option is highlighted in blue, and the 'Users' option is circled in orange. The right pane of the dialog box contains a search bar and a list of report titles. The visible report titles are: (Tara Test) Dynamic BK - Equipment Quality Check (- EN_NA, *DO NOT SUBMIT* ECB, *DO NOT SUBMIT* ECF, *DO NOT SUBMIT* ECFDS, and *DO NOT SUBMIT* ECU. There are also two magnifying glass icons in the bottom right corner of the interface.

9

Click any option that populates on the right.

10

Click "Create Report"

The screenshot shows a software interface with a modal window titled "User Leaderboard – User and number of submissions". Inside the modal, there is a dropdown menu with "User Visit Activity" and "User Submissions" (the latter is selected and highlighted in blue). Below the dropdown is a "Create Report" button, which is circled in orange. The background shows a table with several rows of data, including user IDs, submission counts, and categories. A search icon is visible in the bottom right corner of the interface.

User ID	Submissions	Category
33731	40 minutes ago	Uncategorized
1496	an hour ago	Operations
171	2 hours ago	Operation
9942	2 hours ago	Operation

16

Click "Select Questions" to only show certain answers to the selected questions.

The screenshot shows a software interface with a dark blue sidebar on the left containing the following menu items: Create, Notifications, Dashboard, Brand Hub, Projects, Tasks, Forms, Announcements, Reports, and Locations. The main content area has tabs for Dashboard, List (selected), and Gallery. Below the tabs are filter controls: a 'Match' dropdown set to 'All', and two rows of filters. The first row has 'Team' (dropdown), 'is' (operator), and 'Ampler East' (dropdown). The second row has 'Any field' (dropdown), 'contains' (operator), and an empty text input. Below the filters is a 'Select Questions' button with a dropdown arrow, which is circled in orange. Below this is a table with the following data:

Location:	Submitted By	Date Submitted	Manager-in
4754	29300 Restaurant Manager	Apr 25, 2024 3:24 pm EDT	D... sti
4749	Christian Smith	Apr 24, 2024 3:31 pm EDT	.

On the right side of the table, there is a vertical toolbar with two magnifying glass icons.

3 - Compliant

18

Click "Excel (Selected Columns)"

The screenshot shows a software interface with a large light blue area at the top. In the top right corner, there is an 'Export' button with a downward arrow, and a blue 'Save' button next to it. A dropdown menu is open from the 'Export' button, showing two options: 'Excel (Selected Columns)' and 'Excel (All Columns)'. The 'Excel (Selected Columns)' option is highlighted with an orange circle. Below the large blue area is a table with a light blue header and a white body. The header row has four columns: 'Comments:', 'SM3 - P.O.P. meets Burger King Standards (10 points)', 'Photo', and 'Comments:'. The first row of the table body contains the text '3 - Compliant' in the second column. On the right side of the table, there is a vertical toolbar with two magnifying glass icons, one above the other.
