

## Transferring Employees/Managers in isolved (DMs only)

This guide provides a straightforward approach for transferring employees or managers within the isolved platform, making it essential for district managers. It simplifies the process by outlining necessary steps, ensuring that users can efficiently navigate the system and complete transfers accurately. By following these instructions, managers can maintain proper staffing and organizational structure across districts, enhancing operational efficiency. Viewing this guide will save time and reduce errors during the employee transfer process.
