

Setting Login (Clock-In) Number and Cards

This guide provides a straightforward process for setting up login numbers and cards for employees and managers in a POS system. By following these steps, users can efficiently manage access and streamline operations, ensuring that only authorized personnel can log in. It's essential for maintaining security and accountability within the workplace. Viewing this guide will help you enhance your POS management skills and improve overall efficiency.

1 Click "Enter POS"

2

Click "Functions"

3

Click "Manager Functions"

4

Slide card or enter PIN

4	5	6
7	8	9
C	0	⌫
CANCEL	DONE	

5

Click "Set Login"

6

Select employee you are assigning login number for.

7

For employees, set login. Click "OK"

The screenshot displays a POS system interface with a modal dialog box for setting a new PIN. The dialog box is centered and contains a numeric keypad with buttons for digits 1 through 9, 0, and 'Clear'. Below the keypad are 'Next', 'Cancel', and 'OK' buttons. The 'OK' button is highlighted with a green circle. The background interface is dimmed and shows various menu categories: 'CASH' (with 'NEW PIN' highlighted), 'OPERATIONS' (including 'DRAWN', 'LABOR', 'EDIT', 'SHIFT'), 'SYSTEM' (including 'KDS ROUTING', 'MANAGE OCD', 'FRONT COUNTER', 'DRIVE THRU'), and 'REPORTS' (including 'HOURLY SALES', 'PRODUCT MIX', 'SALES SUMMARY', 'HOURLY LABOR', 'ITEM EMPLOYMENT', 'EMPLOYEE CLOCK', 'SPEED SERVICE'). At the bottom, a status bar indicates 'Currently logged in as Training Manager' and the date 'Sunday, January 4, 2026'.
